MANY METHODS**Adopts Recommendations of
Committees on Officers For
Improving Work of Body

HEAR SENATOR BAKER

Nonpartisan League Candidate
For Governor Outlines His
Program to Delegates

NAME OFFICERS
Lee Brundage, of Minot, was re-elected president of the State Federation of Labor this afternoon over Frank Milhollan, of Bismarck, by a vote of 32 to 23. Other officers chosen are: Secretary-Treasurer, A. M. Aune, Grand Forks, re-elected. Vice-Presidents—Miners—G. R. Cole, Wilton; building trades, Julius Ladehoff, Bismarck; railroad workers, Fred Brosseau, Grand Forks; women workers, Mrs. Margaret Protes, vice-president-at-large, Frank Milhollan, Bismarck.

Introduction by the committee on officers reports of ten recommendations for changes in the constitution and by-laws and methods of conducting work of state federation of labor today delayed consideration of resolutions and election of officers. The election of officers was made a special order of business for this afternoon.

The report of the committee on officers reports was read by J. F. Dixon, of Fargo. Among the recommendations of the committee are: Commending the work of President Brundage and Secretary Aune for the past year, declaring that in spite of the depression and the industrial depression which has been made by the federation, the executive board be dispensed with in interest of economy and meetings be held at the call of the president. That action be taken with the A. F. L. and international unions to require all unions to become affiliated with federation, urging members to try and elect labor representatives to the legislature, urging appointment of labor legislative representatives to seek labor legislation at next legislature, placing salary of secretary-treasurer at percentage of per capita tax collected basis, make dues payable monthly instead of quarterly and employment of a full-time organizer.

All recommendations were adopted with the exception of that relating to change in the secretary's salary.

Resolutions Presented.

Resolutions presented to the federation included opposition to the proposed repeal of the teachers' salary law which will be voted on in North Dakota at the June primaries; urging passage of the soldier bonus act by the national congress; criticizing the state printing and publication commission for appointing E. M. Cray state printer because he is not a member of the typographical union; endorsing the alliance with the Nonpartisan league and favoring nomination of candidates of that body; providing for publication of a labor year book; urging propaganda work be carried on to disseminate information concerning the union label and others.

The convention will conclude its business today. Yesterday afternoon it heard B. F. Baker, Nonpartisan league candidate for the gubernatorial nomination, speak, and a telegram was sent by individuals to former Governor Frazier, asking him to come to the meeting. Last night the delegates were guests of the Bismarck and Mandan Trades and Labor assemblies at a banquet at the McPense hotel. Earlier the delegates were given a ride to various points of interest in and around Bismarck by local business men.

Senator Baker told the delegates that the political fight in North Dakota in the coming primaries was for a program which centered its efforts toward the upbuilding of the home administration of officials who would administer affairs in that end.

A government is sought which will function to protect the large majority of the citizens, he said.

"There is no socialist on our ticket," he said. "Most of us have been affiliated with the Republican party most of our lives and generally are found in agreement with its principles. I will not say that I agree with everything the present national administration has done, for I don't."

The biggest thing before the people in the state, he said, is obtaining an adequate rural credits department. He asserted that bankers of the state have received an average of 2.40 per cent commission for making loans, approximately one third of the total interest charge. This he said, deprives the farmers of necessities and does not add to the wealth of the state.

Wants Credit at Cost.
"What we want," he said, "is credit for the farmers on long-time loans at cost, without the excessive commission charges that have been and are being made."

He condemned the farm loan department of the Bank of North Dakota as it now functions. He asserted that when the league administration had sold bonds last fall the new administration went into court to defeat the action taken, and that the tactics had been to obstruct and delay the functioning of the rural credits department. He asserted that figures of the state farm bureau showed that 5,000 farmers left the state before last October 15, that farm mortgages are being foreclosed at a tremendous rate and good citizens lost to the state. He said there had been 63 foreclosures in Williams county.

Senator Baker asserted that the new administration had not brought the flood of money into the state that was predicted. He asserted that in

**FAMOUS ONE-GUN
FIGHTER KILLED**

BUD BALLEW

By NEA Service.
Wichita Falls, Tex., May 9.—Bud Ballew was fast on the draw. Six notches on his gun proved it.

But Chief of Police J. W. McCormick, former Texas Ranger, was faster. McCormick answered a disturbance call here and found Bud. "Bud reached for his gun," said the chief. "I beat him to it." A revolver was found on Ballew's body. Ballew, who was 43, came to Indian Territory when 14. He won a reputation as a gun wielder when a deputy sheriff and was noted all through the southwest. He was in the cattle business, near Lone Grove, where he owned a ranch. His widow and a son, 19, survive.

**SCORIA FIRM TO
BE ESTABLISHED**Main Office to be Maintained
In Bismarck

Articles of incorporation for the Scoria Construction company with a capital stock of \$100,000 will be filed with the secretary of state by Paul E. Zimmerman, of Dickinson. Walter Stratton of Bismarck and Hanson Evesmith of Fargo, the incorporators. The new firm will perfect their organization at once and establish headquarters at Bismarck with a view of conducting a general engineering and contracting business. Branch offices will be maintained at Dickinson and at Scoria station on the Northern Pacific in Billings county where tracts of scoria have been purchased and the product will be quarried with steam shovels.

It is the intention of the new firm to make a specialty of highway construction and the furnishing of scoria for road projects. This product has found much favor with road builders during the past few years, and there is a growing demand for it.

The incorporators are all well known in Dickinson. Mr. Zimmerman has been in the contracting business here for many years. As civil engineer for the state railway commission, Mr. Stratton has done much work in the county, making his headquarters in Dickinson a great deal of the time. Mr. Evesmith is at the head of the Zenith Lighter Mues company and has other property interests in the county.

**BIG ENROLLMENT
IS IN PROSPECT**Dickinson Normal Expects Big
Summer School

Dickinson, N. D., May 9.—Prospects at the present time are that the largest enrollment of the Dickinson Normal School will be in attendance at the summer sessions this year, according to President S. T. May. President May is basing this prediction on the exceptionally large number of inquiries he has had relative to the summer school work.

With 144 students in attendance at the Normal at the present time—the largest in the history of the school—at this time of the year—there are a large number of new students expected commencing next week, as this is the time for the closing of the seven months' schools, and many of the teachers of these schools are planning on coming to Dickinson for summer work. The Normal school will begin a preliminary summer term next Monday for the accommodation of those teachers whose schools are closing at this time.

The largest increase enrollment, however, is expected with the close of the nine-month schools and the opening of the first summer term at the normal.

**DAISY CAMPAIGN
WILL BE MADE**

Fargo, N. D., May 9.—Jack Williams, department adjutant of the American Legion, today announced that a state wide daisy campaign will be opened on the morning of May 27th to continue through Memorial day.

On that date two hundred twenty-one posts of the American Legion will sell the daisy their national flower. In order to obtain funds to enable them to carry on their service work. During the last few years this work has been handled by the state headquarters but the cost of maintaining this department has been more than the membership dues of the organization could cover.

**CITY BODY IN
DISCUSSION OF
NOISE PROTESTS**Resolution Introduced to Abate
Hughes Electric System
As a Nuisance

DISCUSSION THEN FOLLOWS

Matter is Deferred on Promise
Of Utility Owner to Seek to
Remedy Matter

The city commission meeting last night was given over largely to a discussion of a resolution introduced by Commissioner H. A. Thompson directing that legal action be taken to abate the system of the Hughes Electric company in discharging ashes as a nuisance. A petition had been filed sometime ago by a number of business men on Main street and Fourth street complaining of the noise made by the ash conveyor and the dirt. The matter was referred to the city attorney for action.

Mr. Thompson's resolution was as follows: "Whereas there exists in the city of Bismarck at present a common nuisance consisting of an apparatus operated by the Hughes Electric company for the purpose of cleaning boilers of their electric plant, and whereas, in the operation of said apparatus particles of ashes, soot and other debris are blown into the air to the annoyance and injury of adjacent property owners, and whereas, the operation of the apparatus causes steam to be blown at all hours of the day and night, to the great discomfort and injury of residents in the vicinity of the plant, therefore, be it resolved that the city attorney of the city of Bismarck be and is hereby directed to take action forthwith legally to abate this nuisance."

Discussion Follows.
Discussion of the resolution followed. O. W. Roberts, weather observer, said that the dirt which blew from the plant since the new system of ash conveyors was installed a few months ago caused damage to the instruments, that some did not register correctly and that as a government official he said something must be done. He said that as a resident he also protested because he could not sleep with a window open because of the dirt and sleep was interrupted because of the noise. He said this condition had not obtained during his 16 years residence here until the last few months.

Mr. Roberts said he knew of traveling men who would not stop in Bismarck anymore, but went to a Mandan hotel, because of the noise.

Mr. Hughes called.

Commissioner Thompson and Mayor Lehnart referred to the petitioners who said damage was caused their stores and offices.

Commissioner Larson suggested that Commissioner Hensler, being engaged in mechanical work, investigate. Mr. Hensler said he had already investigated and that Mr. Roberts stated facts. Mr. Roberts said it had been referred to the city attorney with power to act.

Mr. Thompson moved adoption of his resolution and Mr. Hensler seconded it. Mr. French suggested Mr. Hughes be called to the city hall to discuss the matter. Mr. Hughes appeared and discussed the matter. He said that work had been done to eliminate the dirt, that the noise had been cut down but that it was still something to be overcome. At the conclusion it was decided to defer the matter while Mr. Hughes sought to remedy it.

Bills were allowed as follows:
M. E. Hensler, searlight, 7.50

**WASHBURN TO
OBSERVE MAY 30th**

Washburn, N. D., May 9.—Washburn will observe Memorial day, Tuesday, May 30. A committee consisting of Hugh H. McCulloch, L. R. Burghum and Carl Peterson will have charge of the arrangements representing the Legion.

In the forenoon appropriate exercises will be held at Riverside cemetery and the graves of the soldier dead will be decorated by the school children.

In the afternoon, the program will be put on at the park. Hon. Scott Cameron, attorney at law of Bismarck, will be the orator of the day. Mr. Cameron is a good speaker and will deliver an address suitable for the occasion.

Veterans of the World, Spanish-American and Civil Wars and all citizens are invited to spend the day at Washburn and participate in the tributes to the heroic dead.

BRANTFORD BANK CLOSERS

The Farmers State Bank of Brantford has closed, according to information reaching here, because of insufficient reserve.

**FOREMAN SAYS
BANK NOT ALONE
CAUSE OF JURY**Refutes Announcement Made as
To Purpose of Investigation
Held in Fargo

OTHER MATTERS ARE UP

Says That Grand Jury Is To
Investigate Any Violation
Of Law It Finds

Fargo, May 9.—F. V. Hutchinson, foreman of the grand jury sitting in Cass county district court, today issued a statement in which he refuted an announcement made by the press concerning the purpose for which the grand jury was called.

He commented on the fact that a recent bank failure in the city had been ascribed as the reason for the calling of the jury but declared that it is the duty of the body to investigate any law violation of which it has knowledge or which may be brought to its attention.

"The statement follows: 'In view of the fact that a grand jury is but seldom called in our state it is possible that their calling is a misapprehension in the public mind as to the manner and method of its deliberation and as to the purpose for which a grand jury was called in Cass county. While it is perhaps true that the occasion for calling this grand jury in Cass county was the collapse of a local bank sometime ago the fact is that the grand jury must consider and investigate all charges of law violation within Cass county that may be brought to its attention of which it may have or acquire knowledge.'

"The jury and a states attorney will gladly listen to any competent witnesses who have knowledge on any 'rimes in Cass county."

"The grand jury therefore, and the attorneys representing the state want the public to know that any person who has knowledge of any offenses committed or alleged to have been committed in Cass county or have personal knowledge of any fact or throw light on any matters that may come before the grand jury either with relations to the Scandinavian American bank or any other method will be heard by the grand jury and it is an opportunity to present any facts."

The desire of the grand jury is to get the actual facts from competent witnesses with reference to any offenses that may have been committed in this county. Any person having competent evidence which we may hear under the law as given by the court will be gladly heard.

(Signed) F. V. Hutchinson, foreman.

**SEEK PUBLICITY
IN PAMPHLET**Secretary of State Gets Much
Copy From Candidates

The publicity pamphlet issued by the state preceding the primary election will be the largest in years, it was indicated today, the last day for receiving copy for the book.

Among the candidates who will be represented in it are: Senator McCumber, three pages; Congressman Young, one page; Governor Nestos, one page; H. L. Stegner, candidate for Governor, one page; O. E. Olson, candidate for treasurer, one page; H. H. Aaker, candidate for secretary of state, one page; W. H. Stutsman, candidate for the supreme court, one page; N. J. Bothne, candidate for the supreme court, one page; A. D. McKinnon, candidate for railroad commissioner, one page.

It was not expected that there would be space taken in the pamphlet for argument on the measures to be submitted to the voters at the primary election.

**APPROACH PLAN
IS CONSIDERED**Engineers and Members of High-
way Commission Meet

A meeting was being held in Mandan this afternoon in an effort to reach a working agreement between the Logan county board and the state highway commission to permit the approach to the vehicular bridge across the Missouri to be built soon.

C. A. P. Turner, designer of the bridge Engineer Hathaway of the U. S. Bureau of Public Roads, State Engineer W. H. Robinson, and some members of the state highway commission attended the meeting.

**WILL DISCUSS
RATE MATTERS**

Washington, May 9.—Fifteen of the leading railroad executives of the country have been invited to a dinner conference May 20 at the White House to discuss rate adjustments.

MOVES PRINTING PLANT

Beach, N. D., May 9.—J. J. Hess, who will soon publish the Sentinel Butte Review, bought the plant of the Golden Valley Progress and has moved it to Sentinel Butte, where a number of experts have been busy setting it up and getting ready for the first publication, which will be some time next week, we understand.

**FARMER AND WIFE FIGHT TO THE DEATH;
BUTCHER KNIFE, AXE ARE WEAPONS USED**

Port Huron, Mich., May 9.—Joseph Lobert, a Huron county farmer, and his wife fought to the death at their farm home yesterday. A butcher knife and an axe figured in the tragedy, each inflicting wounds which caused the death of the other.

The bodies of the farmer and his wife were found by their old-

er children on their return from school.

The only details of the tragedy were obtained from a 4-year-old daughter, who with two other children, aged 6 months and the other two years, were at home at the time. The six-months-old baby in the struggle between the parents suffered serious wounds on the upper right arm from the knife.

**SEEK GOLD OF
THE LUSITANIA**

Philadelphia, Pa., May 9.—An expedition for salvaging the Lusitania and other ships that have sunk in the last few years will start from this city May 25. The steamship Blakely has been chartered by the Lusitania Salvaging Company. Estimate of gold that lies at the bottom of the sea run into the millions.

**ANTI-LEAGUE
COMMITTEE TO
BE CONTINUED**Meeting Held in Courthouse
Appoints Same Campaign
Committee for Primary

The campaign committee which conducted the last anti-league fight in Burleigh county was continued by delegates to a meeting held in the courthouse last night for the purpose of selecting a committee. The committee also was empowered to fill any vacancies.

Henry McCullough, of Baldwin, was named chairman of the meeting and Mrs. T. H. Poole was named secretary.

After brief discussion it was decided that the campaign committee should be continued. The members of the committee are E. T. Burke, E. G. Wanner, J. C. Anderson, J. M. Thompson, H. P. Goddard, Mrs. Welch, Mrs. Orr, Mrs. Bledsoe. The motion to continue the committee was made by Arthur Van Horn.

There was general discussion of the coming campaign. Speakers included Sen. Lynn Sperry, L. E. Heaton and Victor Anderson, candidates for the legislature. There were informal reports made of the sentiment in the county and the convention expressed belief that a vigorous campaign should be made. The meeting was attended by about 20 persons, of whom several were from the country. The chairman and secretary were instructed to inform the representatives in the missing precincts of the action taken.

The meeting was called to order by E. G. Wanner, he having been requested to do so by H. P. Goddard.

**FARMER SHOT
BY DEPUTY IS
RESTING WELL**

Beach, N. D., May 9.—Henry Junker, Golden Valley county farmer, who was shot Saturday night, is resting well in the hospital here. Junker was shot when Sheriff Stockwell and his son, a deputy, went to a place where T. E. Hudson, Beach banker, had been ordered to deposit money.

The shot which struck Junker in the shoulder was fired by Deputy Sheriff Stockwell and not by his father, as previously reported.

State Attorney Oppgaard is investigating the affair.

**DISSOLUTION
ORDER FILED**

New York, May 9.—Federal Judges Rogers, Hough and Manton today filed a dissolution order against the American Sugar Refining company and other corporate and individual defendants in the government's Sherman anti-trust law suit begun 12 years ago.

**ROAD CONTRACTS
ARE AWARDED IN
LOGAN COUNTY**

Napoleon, N. D., May 9.—Napoleon bidders and interested in the state and federal aid highway project to be extended sixteen miles more this year in Logan county, which, when completed, will provide a good roadway to the eastern part of the county.

There were in all about twenty proposals submitted to the board of county commissioners.

The highest bid was 41 cents per yard by an Iowa firm and the lowest was 27 cents, by Jacob Herr, Jr., of Wishek. R. S. Burnstad of Burnstad, was second lowest bidder at 30 cents.

The contract for excavation and grading has been awarded Mr. Herr. The N. D. Metal Culvert Co., of Fargo, secured the contract for furnishing 34,000 worth of metal culverts to be used.

**ENRAGED BULL
GOES FARMER**

Drake, N. D., May 9.—Lummer Belner, a farmer near Aylmer, was leading a bull last week when the animal suddenly attacked him, one horn tearing the front of his left leg a distance of 8 or 10 inches. The force of the onslaught knocked him down, and the bull tramped pretty much all over his anatomy whereupon Mr. Belner began to "holer," and succeeded in making noise enough to scare the animal away. Dr. G. H. Coffin was called, and it is believed he will recover.

OF FIVE PERISH
IN HOME FIRE**Blaze Believed to Have Started
In Illinois Home From
An Incubator

Marang, Ill., May 9.—Five persons were burned to death here late last night in a fire which destroyed the home of August Bourge, Jr.

The dead are: Mr. Bourge, 35, and four children, Harold, 9; Walter, 5; Helen, 3, and Verna, 2. The mother and two children, one a six-months-old baby, were saved by the father who lost his life in an attempt to save the remaining children. The fire is said to have started from an incubator in the basement of the home. The family was asleep.

And Shoots Grandfather

Brainerd, Minn., May 9.—El. M. Brandt, 22, shot and killed James McPherson, his wife's father, 50, and Mrs. J. B. McPherson, his wife's mother, 70, and then shot through the knee his wife's grandfather, J. B. McPherson, 77, late yesterday in the yard of the McPherson home in Barrows, a mining town seven miles south of Brainerd.

Two Instantly Killed
Shots through the heart instantly killed the two. The grandmother toppled over in the yard.

James McPherson lay at the barn door, dead, with his pipe still in his mouth.

Neighbors seized Brandt and hurried him to Brainerd in the Barrows bus, where he was lodged in the county jail.

Brandt claimed that his wife's people were influencing her to stay away from him. It was alleged that Brandt had been drinking moonshine at the time of the shooting.

Calls to Sheriff
When Brandt was taken to the store and post office in Barrows, while waiting for the bus, he called up the sheriff of Crow Wing county, saying: "Come down to Barrows and get me. I have killed a couple."

The McPherson family formerly lived in the vicinity of Little Falls, coming to Barrows about a year ago.

**TO CLEAN UP
CAPITOL YARD**Board of Administration Directs
Action Taken

The board of administration, in meeting here, ordered the capitol grounds to be put in first class shape. Austin Reid will be employed to supervise the work and will be given use of penitentiary labor in so doing. He is instructed to thoroughly clean the premises. It is likely that effort will be made to replace some of the trees which have died in the last two or three years.

The board has appointed Peter Reid custodian of the third floor of the Bank of North Dakota building, this floor being occupied by the railroad commission and motor registration bureau. R. L. Krause has been named to take an inventory and check the supply department.

**C. E. BANQUET
IS ENJOYABLE**

One of the most enjoyable affairs of the Christian Endeavor Society convention was the banquet held at the Grand Pacific hotel Saturday night. There were 120 persons in attendance.

Mrs. O. E. Olson read for the guests assembled, Mrs. Menard-Hughes played, and Henry Halverson and George Humphries sang. Rev. E. P. Gates talked upon "World-Wide Christian Endeavor." Funds for the year's work were raised. The enthusiasm of the members of the society was reflected in their parade from the church to the hotel and the energy put in the beautiful decoration.

GERMANS URGE CAUTION

Want Russians to Avoid Doing
Anything to Cause France
And Belgium to Quit

Genoa, May 9.—(By the A. P.)—English and Italian delegates to the economic conference met today with the members of the Russian delegation and began working out a new formula concerning the restoration of foreign property in Russia, said an announcement this afternoon by the French delegation. The announcement said it was hoped to devise a new cause in the Russian memorandum which would satisfy Belgium and therefore France.

The Russians, it is forecast, will be firm in their opposition to the first clause of the allied memorandum which forbids their agitation against changes in the present territorial boundaries and insist that they shall suppress all attempts in their territory to assist revolutionary movements in other states.

The Soviet representatives take this as an attempt to limit all communistic propaganda throughout the world and it is regarded by the Bolsheviks as a direct thrust at the third international which maintains its headquarters in Moscow.

Dr. Wirth, the German chancellor, Dr. Walter Rathenau, the foreign minister, and other members of the German delegation displayed activity today in an effort to induce the Russians to give the memorandum from the allies such an answer as would justify France and Belgium withdrawing from the conference. Such withdrawal, the Germans argued, would only serve the interest of Russia's enemies.

Belgium, although not participating in today's conference, is being kept in touch with the informal negotiations.

CABINET DISCUSSES QUESTION

Washington, May 9.—A discussion of the Russian problem as it is affected by the negotiations at Genoa occupied most of today's session of the cabinet. It developed an opinion that the attitude of the allied government toward the Soviet regime had shaped up at Genoa in virtual agreement with the policies of the United States.

After the cabinet meeting it was said by administration officials that there had been general agreement among the cabinet members that the work now proceeding at Genoa was going forward largely along lines which had previously been laid down by the state department.

Washington, May 9.—Alexander Robertson, British war veteran, did not press his case before the British embassy officials today with the ardor with which he is reported to have pressed his suit for the hands of Miss Mary Culbertson, 21-year-old daughter of Senator Culbertson of Texas.

The British veteran was reported to have arrived in Washington on an early train from Newark, N. J. prepared to lay before the embassy his charges that as an outgrowth of the romance involving the Texas senator's daughter British detectives had kidnapped him and attempted to railroad him out of the country. Up to noon, however, he had not put in his appearance at the embassy and attaches there said they had heard nothing of him.

law in 43 states in the union and in every province in Canada but one. Mr. McDonald exhibited pictures showing some of the cases that have come before the bureau. He said the bureau was cooperating with the federal vocational officers and that several injured persons were now working to make themselves able to earn a living at another occupation since they were incapacitated from following their own trade. He said that the highest physician in Bismarck had told him that he thought the compensation law one of the best ever put on the statute books.

The speaker argued that if people incapacitated in employment were not given aid they would become charity patients of the city and country, and that the bill was paid by the public either through the compensation law or in aid to the poor.

Louis Peterson, of the Boot and Shoe Workers, spoke briefly.

Report Presented
A. M. Aune, secretary-treasurer, presented his report. He said there had been eight affiliations in the past year from local labor bodies, nine withdrawals and 25 suspensions for non-payment of dues, but added that many suspensions had been removed during the present convention. He said there was a balance in the treasury. Receipts of the state federation last year were \$2,575.20.

The federation is expected to reaffirm its alliance with the Nonpartisan league. B. F. Baker, league candidate for Governor, is on the program to speak this afternoon. The name of Lynn J. Frazier as a candi-

date for the United States Senate, was cheered at the meeting.

EXTENSION OF C. E. SOCIETY IS OUTLINED

(Continued from Page 1)
for us. I thank Mr. Plimoor for the headquarters sign he donated for the front of the church. "Especially fine were the window decorations of Webb Brothers and A. W. Lucas and Co.

"I want especially to thank the Bismarck Tribune for the splendid publicity they gave to us all through the month before the convention and the splendid reports they are putting over for us now. And I thank the press of the state for their splendid publicity also.

Grateful for Rev. Gates.

"I am especially grateful to the United Society of C. E. for sending to us L. P. Gates, general secretary, for this time and also for the efforts in procuring for us the services of Rev. C. L. Hutzler as field secretary for the past five weeks. And all Christian Endeavorers of North Dakota I know thank Mr. Hutzler for his services for us during this time and through the convention.

"We will, I am sure, in the years to come look back and tell of the progress of C. E. in North Dakota. I also thank Gov. R. A. Nelson for his splendid address to our young people. Our governor is a busy man and it shows a great interest for him to make time to talk to us.

"I also thank Rev. Ward F. Boyd, of Jamestown, who gave us such a splendid address in the first evening of the convention and conducted our fine Quiet Hour. We thank Miss Margaret Braud of Fargo, for her help and her splendid conferences for intermediate, junior and social work.

"We thank Mrs. Langer for her aid and the Light Bearers for their good work. We also especially thank our pastor for his counsel and assistance in this work and shall always be glad to know that he is back of us in all our C. E. efforts for the boys and girls welfare. This is not the state president's place to write up resolutions but there are a few of the people I wanted to be sure and thank and I left anyone out it is not intentional and only because I am tired tonight and cannot remember them all. In that case I shall thank you later.

"I am happy over the success of this convention and know the young people who were privileged to listen to these splendid conferences will all ways be glad they came and will profit by them."

Get the electric washer that does ALL the work

THERE is only one electric washing machine that does all the work—and that machine is the Laun-Dry-Ette.
The Laun-Dry-Ette not only washes the clothes, but dries them too. The Laun-Dry-Ette has no wringer. It dries the clothes by centrifugal force.
The Laun-Dry-Ette washes the clothes—and whirled out the suds; it rinses them, and whirls out the rinse water; it blues them, and whirled them dry for the line.
Let us demonstrate how the Laun-Dry-Ette saves work, and clothes and buttons. Let us show you how it keeps your hands soft and white by keeping them out of the water. Please phone, write, or call today.

FEDERATION OF LABOR CHANGES MANY METHODS

(Continued from Page 1)

The northern part of the state, in its territory, no new loans were being made by outside concerns even though the farmer's land was clear but that some renewals were made.

Delay in providing adequate rural credits was a blow at immigration efforts, he declared, though predicting there would be a big immigration to the state.

Wants Bank Maintained

The farmers fight, he said, was the same as that of labor, marketing his products at a fair return. He reviewed the efforts made in North Dakota for terminal elevators and the inception of the levee.

He said the state elevator was an essential part of the marketing plan, but not all of it. The Bank of North Dakota, he asserted, was an integral part of the plan, and he said the bank should be maintained to aid in financing it.

The Home Building law, he said, was one of the best in conception ever put on the statute books, but that the condemnation was in the way it was managed. He said that "some time" perhaps not now, there will be a Home Building department that will function so that it will reach the poorest of citizens for whom it was intended.

Banquet Is Held

Last night a banquet was held in the McKenzie hotel, followed by a dance. S. S. McDonald was toastmaster. Among the speakers were Stephen Ely, of Montana; Frank Milhollan, of Bismarck; President Leo Brundage of the state federation and E. G. Hall of Minnesota.

The banquet was tendered by the Trades and Labor Assemblies of Bismarck and Mandan. A dance in the Patterson hall followed. Entrance was through the hotel.

CHILDREN IN SPRING TIME

Mrs. C. Osborn, 7812 Hillside Rd., Cleveland, O., writes: "My granddaughter was troubled with a cough for nearly two years. She took Foley's Honey and Tar and her cough is now gone. It loosened the phlegm so she could raise it easily." Foley's Honey and Tar is just what children should have for feverish colds, coughs, "snuffles" and tight, wheezing, breathing. Be sure to get Foley's. It checks croup and whooping cough, too.

DISABLED VETS TO FORM LOCAL CHAPTER HERE

Meeting Announced by Field Representative of the United States Veterans Bureau

THE LEGION IS ASSISTING

Lloyd A. Ruth, field representative for the United States Veterans Bureau with headquarters at Bismarck, announced today that a local chapter of the Disabled Veterans of the World War is to be organized in Bismarck. This is an order of nation-wide organization and composed of former service men who have received disabilities in the army, navy or marine corps during the recent world conflict.

All men in vocational training in Bismarck and vicinity as well as those now receiving, or who have received compensation, are eligible to membership and will be asked to sign the application for charter for the local chapter. Bismarck and Dickinson contemplate organizing their chapters within the week, so as to be represented at the North Dakota state convention to be held at Grand Forks on May 26th. Following the state meeting the national convention will convene at San Francisco June 1st to the 25th. All indications point to this national convention as the greatest convocation of wounded and disabled soldiers since the establishment of the great base hospitals in France.

Governor Nestos has been asked to select out of the thousands of North Dakota service men, the soldier who reflected the most credit upon his country by his deeds of bravery or service. The North Dakota delegation is to be headed in the national assembly by this state's super-hero. It is planned to have the governors of all the states select the greatest hero of their respective states, and when these forty-eight heroes of the war assemble in San Francisco at the national convention they will truly in fact constitute a "Living Hall of Fame." Who Governor Nestos has picked as the North Dakota super-hero has not yet been disclosed. The military records are being carefully searched and it is hoped that the selection will be made in time to have him at the state convention.

Officers of the Bismarck American Legion post are to assist the local disabled men in organizing their chapter and co-operate with them in this movement in furtherance of the Legion policy of full and unstinted aid to their disabled brothers, as set forth in the preamble to the Constitution of the American Legion—"To consecrate and sanctify our comradeship by our devotion to mutual helpfulness."

Announcement is made of a mass meeting of all disabled men at the Commercial club rooms Tuesday night at 8 P. M. when the temporary organization is to be effected and application for charter signed. The meeting will be presided over by M. S. Sather, Legion Post Commander. C. T. Hoverson, State Commander of the Disabled Veterans of the World War will be the principal speaker of the evening.

CONVICT SHOT DURING MUTINY IN S. C. PRISON

None Fatally Hurt But Riot Is Quickly Quelled by the Use of Guns

Columbia, S. C., May 9.—Several convicts in the South Carolina state penitentiary were shot today by prison guards in putting down a mutiny, according to Chief Mays of the city fire department who was called upon to aid the prison authorities. Chief Mays said that a number of prisoners were injured by shooting.

This fire chief said the disorder started when a group of prisoners returning from lunch in the main dining room attacked the guards who were escorting them. The mutiny was put down in short order, he added. No one was fatally hurt.

Between 200 and 500 prisoners were involved in the attempted uprising, it was said.

SEEKS COMMISSIONERSHIP.
Steele, N. D., May 9.—John DeKrey Sr., former County Commissioner of the 3rd district, Kidder county and who was for many years a commissioner of his district has announced his candidacy for commissioner of his district.

READY FOR ACTION

BY C. P. STEWART
International Correspondent, Formerly Stationed in China

Political trouble, varying in acuteness, has prevailed in China almost uninterruptedly since 1913.

But rather than the incompetency than to the corruption and misgovernment of the Manchurian government, revolution had been simmering some time, but it received its impetus through the activities of Dr. Sun Yat Sen. He acquired republican views in the course of an accidental education and returning home went to work to convert his countrymen.

The bulk of the population cared but little about the matter, but by 1913 there was a small but influential element, including most of the young men who had studied abroad, who agreed with Sun.

Women Take a Hand

In addition there was a liberal women's movement beginning to make itself felt.

Soldiers of fortune from the occident, especially former members of the American forces in the Philippines, looking for good jobs, did their part. Finally leaders of the bandit gangs, some of which reach the proportions of small armies, saw an excellent chance for loot and supported anything of promise along that line.

Northern and southern China, divided roughly by the Yangtze river, always have been, so far as sympathies were concerned, two different countries. Dr. Sun readily won most of the south. The north remained generally monarchistic.

Sun set up a tentative southern republic, with himself as provisional president and his headquarters at Nanking.

Yuan Was "Strong Man."

In the meantime the Manchurian government, greatly alarmed, had given the premiership to China's "strong man," Yuan Shi Kai. Yuan had been in disgrace with the Manchus but his services were necessary. Later the baby emperor abdicated and Yuan went in as president of the north.

Overtures were then made to Dr. Sun. The doctor, an altruist and dreamer, agreed to retire, to save bloodshed, in Yuan's favor as president of all China, conditioned upon the latter's establishment of a genuinely republican regime. These terms Yuan accepted and the whole country passed into his hands.

He was a vigorous and very able ruler and would have wound up as nominal as well as actual emperor if he had lived. Since his death, no man big enough to dominate all factions has appeared.

Cause of Present War.

The situation which immediately preceded present hostilities was this: Dr. Sun, again in control of the southern provinces, is said to have signed a pact with Gen. Chang, in the north, to work for a plan whereby Dr. Sun would be president of all China and Chang would be the vice president. This agreement was made at Mukden.

Soon after, Chang sent troops to cut the railroad near Peking and to seize the Peking government from President Hsu Chang. General Wu Pei-fu, who is in control of the central provinces and who regards himself as a guardian of the Hsu administration, thereupon brought his troops into the field. Chang launched an attack and announced his intention of holding his grip on Peking.

WANT PROJECT REFERRED BACK

Washington, May 9.—Reference of the St. Lawrence Waterway project back to the commission which reported it to Congress in order to permit further investigation was urged on President Harding today by Senators Calder and Wadsworth and Representatives Dempsey, Dunn and Mott, all of New York. They suggested that the commission be enlarged to include the most eminent engineers of the United States.

DRAFT CARD IS FOUND ON BODY

Minneapolis, May 9.—A draft registration card dated June 15, 1917, never presented to a board was the only clue today as Minneapolis police searched for relatives of Iver Johnson, 30, who committed suicide at Pocahontas, Minn., yesterday. He is reported to have two sisters at Grand Forks.

CHILD WELFARE WEEK OBSERVED BY CLUBWOMEN

Clinic to be Maintained at Rest Room During Week Being Observed in State

Child Welfare Week is being observed throughout North Dakota this week under proclamation of the Governor.

The child welfare committee of the Women's Community Council gave an interesting report in the interest of Child Welfare Week at the meeting Saturday afternoon.

Free clinics for children of the pre-school age will be held Thursday, May 11, from 9 a. m. to 5 p. m. in the rest room of the Masonic Temple and at the Wachter school. All the doctors of Bismarck are cooperating in this work and nurses from both hospitals of the city are giving their services.

A "well baby station" will be established to continue the work accomplished by the clinics.

RANGERS SENT INTO FIELD TO PREVENT RIOTS

Negroes in Texas County Where Lynchings Occurred Reported to be Rising

Austin, Tex., May 9.—Governor Neff today ordered two detachments of state rangers to be sent immediately to Fairfield, county seat of Freestone county, to prevent an uprising of negroes which Sheriff W. M. Mayo of Freestone county said was imminent. The sheriff requested the rangers in a message this morning. He said the negroes of the county are threatening to avenge the deaths of the three negroes who were burned at Kervin Saturday morning.

FOURTH VICTIM OF MOB.
Fort Worth, Tex., May 9.—The body

of a negro, Tom Cornish, brother of John Cornish, one of the victims on the Kervin mob Saturday morning was found hanging to a tree between Kervin and Fairfield this morning. Tom had been making certain statements that had led people to believe he had something to do with the assaulting and murdering of 17-year-old Eula Astrey.

WON'T ADD TO APPROPRIATION

Washington, May 9.—Announcement was made today that the senate naval committee would refuse to add to the pending naval appropriation bill legislation requested by the navy department providing for development of new bases on the Pacific Coast including a fleet base at Alameda, California, an aviation station at San Diego, Wash., and a submarine base at San Pedro, California.

WAR FINANCE MAKES NEW LOANS

Washington, May 9.—Approval of 57 advances for agricultural and livestock purposes aggregating \$1,875,000 was announced today by the War Finance Corporation. Distribution of the loans included: North Dakota, \$68,000.

Following the Floods

THE excessive rains of the past month have seriously retarded farming operations. As soon as field work is possible farmers will be busy night and day preparing the ground and seeding the land that they may maintain an adequate food supply for the nation. This year, for the farmer, time is an imperative factor.

More than 140,000 tractors are owned in the 11 Middle Western States served by the Standard Oil Company (Indiana). These tractors are being overhauled, lubricated, and put in condition to perform essential labor, for which horse power would be totally inadequate.

The number of horse hours per day is limited by the strength of the horse, while the number of motor hours per day is limited only by the number of hours.

During this rush the demand for gasoline will be heavy. The Standard Oil Company (Indiana) is prepared to supply this demand. Its storage tanks and bulk stations located at strategic points throughout the territory are full. Its supply depots, service stations, and tank wagons are prepared to make Red Crown gasoline instantly accessible to the farmer when his need arises.

The Standard Oil Company (Indiana) may be depended upon to perform this service adequately — first, because it has provided sufficient field storage to take care of even an abnormal demand. Second, because it maintains distributing facilities which form the most perfect system of its kind.

Only a big organization, big in spirit of enterprise and social service and big in resources, can cope adequately with the growing motor needs of the Middle West. In carrying on its business the Standard Oil Company (Indiana) operates 6 large refineries, 8821 bulk stations, 1521 filling stations, and a fleet of 6600 tank delivery trucks.

It is due to the efficiency of this vast organization that the Standard Oil Company (Indiana) is able to guarantee that the needs of the farmer for petroleum products will be supplied.

Local Man Weds Minot Girl in Fargo, Sunday

Miss Laurel K. Alpstag, daughter of Fred Alpstag of Minot, and Raymond A. Pease of Bismarck, were married at 5 p. m. Sunday at the home of the bride's brother-in-law and sister, Mr. and Mrs. N. D. Gorman, 49 Burrell court. The ceremony was performed by Dr. D. T. Robertson, pastor of the First Presbyterian church, and was witnessed by members of the two families. The bride wore a suit of navy blue tulle with a pink fur and was attended by Mrs. Gorman as matron of honor. Maynard Pease, brother of the bridegroom, acted as best man. A wedding dinner was served at the Gardner following the ceremony. Mr. and Mrs. Pease left for a wedding trip to Chicago and will be at home at Minot after June 1. Mr. Pease is assistant state engineer, and Mrs. Pease is deputy superintendent of schools for Ward county. Out of town guests attending the wedding were Fred Alpstag, Minot, father of the bride; Mr. and Mrs. A. Pease and Mr. and Mrs. Maynard Pease, Misses Myra and Helen Pease, parents, brother and sister-in-law, sister and niece, respectively of the bridegroom, all of Hillsboro, N. D.

Second Recital Is Real Success

An appreciative audience of parents and friends listened to the recital given by the high school music pupils of Mrs. Emma G. Wheeler of Mandan at the high school auditorium last evening. A pleasingly varied program was given with some very good solos and splendid duets and trios. The recital showed careful preparation and much thought on the part of both teacher and pupils. Those on the program entered in to the spirit of each selection and all numbers were well interpreted. The interest in each selection was deepened by an introductory sketch given by the pupil. The following took part in the recital: Misses Lina Mandigo, Clemantine Bronson, Elsie Thams, Edna Hall, Rebecca Eisenberg, Mary Cayou, Ruth Rawlings, Louise Berndt, Katherine Bodenstab, Betty Dunham, Hazel Lenhart and Ruth Staley.

THE STATE'S OLDEST NEWSPAPER
(Established 1873)

POLITICAL PARADOXES

In a most able editorial reprinted in these columns yesterday, The Fargo Forum gave some unanswerable reasons why the entire industrial program should be scrapped. It lamented the fact that the Nestos platform still stood for continued socialism not so much as a matter of conviction but because of a sordid political expediency which is paralyzing the battle against socialism and reducing the position of the Independents to one of absurdity.

The Tribune had hoped that the Jamestown convention would formulate a program to end the political hypocrisy which has actuated every campaign against the Nonpartisan League.

Whether one agrees with the wisdom of the candidacy of H. L. Stegner or not, there is considerable enthusiasm for the platform upon which he will run and upon which he will doubtless get a number of votes from those who are disgusted because of the eternal compromise with socialism in the I. V. A. program.

The Tribune has always stood for what Mr. Stegner advocates. It can see no real relief for the tax payers or final redemption for the state until every vestige of socialism is wiped out. It takes considerable courage for a man to come out as Mr. Stegner has and put the issue up fairly before the voters of the state. His motives are bound to be questioned by self seeking politicians.

Every plank that is material in Mr. Stegner's platform has been endorsed in this excellent editorial of the Fargo Forum. Of course there can be no argument against the Forum's stand except as political expediency dictates. The only way to end socialism is to end it.

Governor Nestos and Mr. Baker have practically the same platform. A. C. Townley in Bismarck at his famous balance of power meetings openly urged the league to support Nestos because he stood for everything the league wanted. He argued vigorously against putting anyone in the field against Governor Nestos. This is just one evidence of the political inconsistencies that confront the voters of the state.

The platform of Mr. Stegner is refreshing then to those who want an honest fight against state socialism. The latest entrant into the gubernatorial race advocates the calling of a constitutional convention to rewrite the organic law of the state so that all socialistic provisions can be eliminated. He would cease work on the Grand Forks mill and elevator and salvage it to the best interests of the state. He declares further that he will turn the key in the Bank of North Dakota and dispose of the Drake mill and elevator. This will result in removing hundreds from the state payroll. The recall merely replaced leaguers with I. V. A. henchmen.

Taxpayers should realize that Gov. Nestos and his administration have the same power as the Nonpartisan League did to slap a mortgage on every farm and every parcel of land in the state. This is being done with every bond issue to continue the operation of state owned industries which have been shown to be rank failures.

It may be aiding the enemy; it may be playing into league hands to be honest on the fundamental principles as I. V. A. newspapers charge, but one must admire the courage of a man who is not afraid to urge in his platform that principles are to be held above the lust for political plunder.

The I. V. A. controlled by Grand Forks and Fargo political bosses is willing to continue the league program so long as its henchmen can say where the securities shall be sold and who shall hold the jobs and direct the industries. Principles have been forgotten in the mad rush for political pelf and power. Deficits continue to pile up as the bond issues go on merrily to engage in unprofitable ventures.

The Tribune commends Mr. Stegner's platform and his honest, fearless statement of the issues and whether he goes down to defeat or wins the victory, he certainly declines to use Townley's bait in luring votes under I. V. A. auspices. In that respect he is at least consistent and his election on such a platform would save the taxpayers of this state millions and show to the world that North Dakota has not merely turned out one crowd of pot hunters for another, but has repudiated state socialism whether of the league or the I. V. A. brand. His success also would be a Republican victory unmarred by trades and deals with the Democratic and Socialistic opposition. These are facts for every voter to consider.

FISH-BERRIES

Drunkards and fishermen, either separately or in combination, will understand the rejoicing reported from India over a big crop of fish-berries. The fish-berry, known to science as "cocculus indicus," is about half an inch long. Its poisonous or narcotic principle is picrotoxin.

Hindus throw fish-berries into rivers, fish eat them; get drunk and are picked up from boats as they float on the surface.

Any angular who can beat that for a fish story, come forward. This one is true. Ask your doctor.

CHINESE BATTLE

Chinese armies battle along a 130-mile front. It is a real battle, with airplanes and artillery.

No American pays much attention to it, because the Chinese are fighting among themselves. It would be another story if the bullet were coming our way.

It was different 1500 years ago, when an army of 20,000,000 Chinese pushed westward through Europe, to be defeated and driven back at the Marne.

That excursion has almost vanished from our histories. But the impression it made on our ancestors still runs in our blood as an instinctive fear of the Yellow Peril.

EARNINGS

The Class One railroads during February had net operating income or profits of \$47,762,600.

This is shown by reports filed with the Interstate Commerce Commission. It's equivalent to the roads earning \$4.57 a year on each \$100 of their total valuation.

Considerable time has passed since that valuation figure was fixed. Business men, who have been writing off losses in their inventories, will wonder how much the railroads have depreciated in value during the nation-wide price collapse.

A material depreciation would boost the 4.57 figure announced as the annual earning rate during February.

TITLE TO AIR

Do you own the air above your property? The common law says, yes—that the land owner owns everything above as well as beneath his piece of land.

When flying machines become common, will property owners post "No trespassing" signs? Griggs, founder of the American Flying Club, fears so.

He tells aerial experts that Congress will have to amend the law before cautious capital will invest enough money to develop aviation as it should be.

Sensible land owners will be satisfied, provided they are safe-guarded against planes falling on their heads and homes.

EDITORIAL REVIEW

Comments reproduced in this column may or may not express the opinion of The Tribune. They are presented here in order that our readers may have both sides of important issues which are being discussed in the press of the day.

McCUMBER'S POWER

Senator McCumber is now chairman of the finance committee, the most powerful committee in congress. As such he has embodied a 35c tariff on wheat and other grain in proportion. This will mean that Canadian wheat coming in to the United States must pay 35c a bushel to get across the line, and in effect would mean that wheat would be 35c a bushel more in North Dakota than in Canada. Senator McCumber was also instrumental in obtaining the appropriation of one million dollars for the drought-stricken farmers of North Dakota. This was of great service to the state and was only possible on account of the position which the Senator has attained through his long service. This is the first time in the history of the United States that the chairman of this important committee has been in the hands of an agricultural state. If Senator McCumber is defeated it would pass back. No stronger reason could be given for the reelection of Senator McCumber. A new man from North Dakota would be 24 years or longer in reaching a position to aid the farmers.—Shields Enterprise.

JUDGES MOST KNOW A LOT

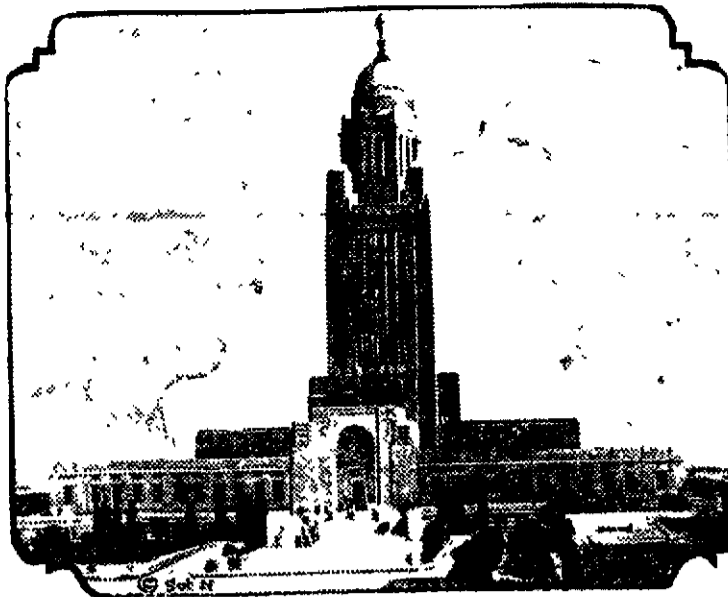

Everybody says that lawyers and judges should be very learned. Cases come up every day that test their acquirements to the utmost. Take this Kansas instance over which attorneys and jurists are solemnly engaged. Did the Vinland school board have a right to exclude from the local high school two girl pupils whose skirts did not extend three inches below their knees? That question is being argued desperately and is tangled in a maze of demurrers and other pleadings.

And there's more still. The judge has to settle the profound problem whether or not the skirts did in fact extend three inches below the knees. This case is on its way to the supreme court of Kansas.

Equally deep contentions come before the British judges. A wigged occupant of the king's bench has just handed down a decision that a college lecturer was rightfully dismissed for stealing a kiss from a miss after school hours. The learned judge took pains to say that his decision should not be taken as a precedent, as most cases are in England, but each dereliction of the sort must be considered on its own merits.

Thus exceedingly small does the legal mill grind. Judges must be monuments of erudition. Never dare to question that!—New York Tribune.

NEBRASKA'S NEW CAPITOL

By NEA Service.

Lincoln, Neb., May 9.—Ground was broken in April for a new capitol for the state of Nebraska.

The building will be unique among structures of its kind. The main building will be broad and low, covering a site 437 feet square, and but 51 feet high, from ground to parapet. At the center, however, instead of the customary dome, a lofty tower will rise to a height of 400 feet, surmounted by a colossal figure called "The Sower," which in clear weather will be visible for 40 miles around.

The legislative halls will be on the main floor. The tower, 80 feet square,

will be devoted to offices of state. In a trophy room at the top will be captured battle flags and other relics reminiscent of Nebraska's participation in the Civil and Spanish wars, the Philippine campaign and the recent world conflict.

The main building will be of buff-colored stone and the tower of steel construction.

Five million dollars has been appropriated to erect the building, which is to be finished before the end of 1925. Bertram G. Goodhue, of New York, the architect, was chosen after a series of competitions under the auspices of the American Institute of Architects.

ADVENTURE OF THE TWINS

By Olive Barton Roberts

Well, Nancy and Nick finally got started on their trip to the moon. The magic Green Shoes whisked them off up through the air over tree-tops and hills and mountains, past clouds and stars and comets, until finally they were so high that the earth itself looked almost like another star below them. Or rather it looked like another round moon.

Now I'm going to tell you a funny thing, my dears. When you're on the earth you look up at the moon, or over at it, depending upon where it is. And when you're on the moon you look up at the earth, or over at it, or down at it, depending on where it is. It's a sort of a game of hide and seek that the earth and the moon play, bobbing about the way they do, and that is the reason that sometimes the moon looks like a sickle and sometimes like a half a pie and sometimes like a silver dollar. Because the earth gets in the moon's way and cuts off part of its light.

It's as easy to understand as income tax, my dears, and something that neither you nor I need to bother about. But I just wanted to tell you that, although we can only see a waxy slice of the moon sometimes, it really is all there all the time.

Otherwise I'm afraid Mr. Peera-bout, the Man-in-the-Moon, would miss his footing and fall off.

Finally the Twins, each holding his Magical Mushroom by the arm, got so close to the moon that it looked as big as a house. Closer and closer they came until it looked as big as a mountain, and finally they were so near that they couldn't see all of it at once.

"Ooooo!" shivered Nancy. "I'm cold. I wish I'd brought my coat."

"So do I," remarked Nick.

"Oh, a little magic will fix that up," comforted the Mushroom. "Mr. Peera-bout will sprinkle you with some of his star-dust powder and you'll soon be as warm as flap-jacks. Why, here we are!"

PEOPLE'S FORUM

Editor, Tribune:
Mr. Harvey L. Stegner of Bismarck has thrown an effective brickbat into the Anti-Socialist camp by announc-

AT THE THEATERS

He can see no difference between N. P. L. Socialism and the three-in-one Anti-Socialistic Socialists, Rump Republicans, I. V. A.'s and Democratic Socialism except that the N. P. L. is the more honest.

They call it State Industrialism. Mr. Stegner's contention is that State Industrialism is state socialism whether Townley or Theo. G. Nelson espouses it.

It looks like Mr. Stegner is about right. If Jack's cat is black and Bob's feline is of the same color, Bob's cat must be black too. Of course Bob can whitewash his cat but nevertheless the cat is still black under the whitewash and will show its color when the whitewash wears off.

Hence, even if the three-in-one Anti-Socialistic Socialists whitewash their socialism, it will be found to be socialism when the whitewash peels off.

And so the only difference in theism of Nelsonism and Townleyism is that one is hypothetical and the other is not.

EDWARD ERICSON.
Werner, N. Dak.

THEATERS

The Warner Bros. production "Why Girls Leave Home," which is now showing at the Capitol Theater most decidedly comes under the head of "big pictures." Not only because it is of greater length than the average screen product or because its settings, cast and other adjuncts to the story are on a most elaborate scale, but because it is big in theme and direct in treatment.

The theme may be readily recognized from the title of the picture and it is a problem that many parents have been called upon to face. Statistics are often boring but the fact that in N. Y. City alone the Missing Persons reports 65,000 girls lost in a year, gives one much cause for reflection.

"Why Girls Leave Home" goes right at the heart of the problem and does not deviate in the slightest from its purpose of presenting a clearcut and constructive story that reveals not only the reasons but skillfully suggests a correction of them. Strange as it may seem, the suave polished villain of popular conception

is not the main reason, in fact he is a negligible quantity. The real reason "Why Girls Leave Home" is mainly "the parents." The producers of the picture have selected two specific instances which, because of their wide contrast, cover a wide range. These two stories develop side by side through a most masterly construction of the scenario and afford solid entertainment every minute.

Anna Q. Nilsson heads a superlative cast which contains the names of over a dozen very prominent players who under the capable supervision of Harry Rapf and W. S. Nigh offer a series of character portrayals that are true to life.

Beautiful photography, elaborate settings and action every minute make "Why Girls Leave Home" a screen masterpiece.

THE ELTINGE

Few stronger sea stories ever have been screened than "Moran of the Lady Letty," a Paramount pictureization of Frank Norris' famous novel, which is the attraction at the Eltinge tonight.

Dorothy Dalton is the featured player in this excellent George Melford production, while the leading man is Rudolph Valentino.

The leading characters of this powerful picture are strikingly portrayed by these clever artists. Moran is girl of the sea, and in physical strength, courage and sea bility to fight is decidedly masculine. But when she is conquered in a desperate fight by Ramon, he becomes her idol. Other characters are splendidly interpreted by Walter Long, who plays one of the meanest villains of his screen career as villain, Charles Bringley, Emil Jorgensen, Maude Wayne, Cecil Holland and George Kuw.

RIALTO

A novel touch has been given to "Flower of the North," the James Oliver Curwood special production, which will be shown at the Rialto theater tonight. This touch is found in the prologue which shows the North country in the days of the French Chevaliers, when knights fought for a fair lady's hand. This comes in decided contrast with the story itself, which deals with the North Dakota country at the present day.

All the scenic beauty of the Northland, and an ideal cast of players, selected because of their fitness for the roles, makes this picture one of the biggest Curwood productions to be presented to the American public. It is a story that moves.

It has been said of James Oliver Curwood that he is one of the few writers who write action, and that his stories are more easily adapted to the screen than any other work.

"Flower of the North" is considered one of the best of Mr. Curwood's books.

TODAY'S WORD

Today's word is EFFERVESCE. It's pronounced—ef-er-ves, with accent slightly upon the first and more strongly upon the third syllable. It means—to bubble and hiss, being applied, in its strict sense, to liquids, but figuratively to individuals or groups of them.

It comes from—Latin "effervesce," to begin boiling.

It's used like this—"English statesmen have hinted at a feeling that the French, in pressing their war claims, should effervesce less violently until they have made more progress toward settlement of their own obligations."

MICHAEL DONOGHUE DIES

Dickinson, N. D., May 9.—Michael Donoghue, prominent Belfield resident and a father of C. J. Donoghue of Dickinson, died at his home in Belfield. Mr. Donoghue has been an invalid for the past eight years, having suffered serious burns and injury in a boiler explosion at the Northern Pacific pump house at Belfield.

Mr. Donoghue was one of the early railroad men in western North Dakota and is exceptionally well known among the old time railroad men.

BARN BURNS

Washington, N. D., May 9.—Carl Sather, farmer living along the river bottom west of town, had the misfortune to lose his barn by fire and with it the life of one horse, a brood sow, the harness and feed and all other contents, that he was unable to get out. Mr. Sather was at the house at the time he saw the blaze and rushing out he was able to get out one team and a colt.

OCCUPY NEW GIRLS DORMITORY
Dickinson, N. D., May 9.—The Dickinson normal school occupied the new girls' dormitory commencing Saturday.

Although the dormitory is not completely finished, the essential furnishings are in place in the building and it is so that the building can be occupied without any great inconvenience. The decision to open the dormitory at this time before all of the furnishings were in place was reached after it became known that a large number of new students would be entering the preliminary summer term at the normal next Monday and that the opening of the dormitory would help solve the rooming problem which always confronts the new students with the opening of each term.

Large delegations are expected from Hettinger, Bowman, Marquette, Mott, Beach, Mandan, Watford city and other Slope cities. Mrs. Mark Jones of Beach, president of the seventh district organization, will preside. Mrs. E. A. Lillibridge of Dickinson is secretary-treasurer.

Dickinson club women are making elaborate preparations for the entertainment of the visiting delegates and every effort will be made to make the meeting one of the most profitable ever held in the district. Local organizations that are affiliated with the Federated clubs of the state are the Monday club, St. Cecilia club and Dorcas Society.

FL. Yates, N. D., May 9.—The May term of the district court will convene on May 23 with Judge H. L. Berry presiding. A venire of forty jurors has been ordered and will be drawn this morning. There are only a few cases on the calendar, but the majority of them may prove to be jury cases.

LEADERS OF '21 SETTING PACE

George Sisler, Tris Speaker and George Kelly Hitting Hard

Chicago, May 9.—George Sisler, first baseman with the St. Louis club, and Tris Speaker, leader of the Cleveland Indians, are in a neck and neck race for the batting leadership of the American League, with Sisler topping the heap with an average of .431. Speaker is running up with .424. The averages include games of Wednesday.

Sisler also is showing the way to the base stealers, having tucked an even dozen aways, and also is the best runner to date. He has crossed the plate 27 times.

Kenneth Williams, who promises to be Babe Ruth's rival in home run hitting this season, struck a snag in batting, dropping into fifth place. He continues to crash out homers, however, having connected with nine. A week ago Williams shared the batting leadership with Speaker.

Other leading batters for ten or more games: Elmer Smith, Boston, .398; W. T. New York, .395; Williams, St. Louis, .384; Jameson, Cleveland, .382; Pratt, Boston, .367; E. D. Deane, New York, .360.

George Kelly, first baseman with the New York Giants, continues to set the pace for the National League batters. He has a mark of .448. Kelly knocked out a brace of circuit drives since within the last week, but Rogers Hornsby and Al Smith of the Cardinals each poled three round trip blows, and are making the home-run race hot for the Giant slugger. This pair is on Kelly's heels with four each.

Hornsby has been hitting the ball with great regularity and as a result won his mark from .368 a week ago to .394. Bob O'Farrell, the stocky catcher with the Chicago Cubs, is the runner-up to Kelly with an average of .428. Marvyn of Pittsburgh continues to set the pace for the base stealers with five thefts, while Bancroft of the Giants is the leading run getter with 19 tallies.

BENNY LEONARD OFFERED BOUT

London, May 9.—(By the A. P.)—George McDonald has cabled Billy Gibson, manager of Benny Leonard, an offer of 15,000 pounds sterling for a match of 20 rounds of 3 minutes each between Leonard and Ted Collins in the event of the latter's winning or drawing in Thursday's bout with Georges Carpentier. The fight would be staged in London at the end of June.

PERRY WINS OVER KRAUSE

Silver Perry, of Miles City, Montana, forced Ed Krause, of Bismarck, to quit in the eighth round of their 10-round bout at Glendive, Montana, Saturday night. Krause, whose ear had been injured in previous bouts, suffered a terrific ear ache. Kid Renki of Seattle, knocked out Sailor Billy Peoples in the fourth round.

Mike Collins, Mandan wrestler, lost to George Middlestedt at Regan Saturday night. Middlestedt was too heavy for Collins.

ROCKY KANSAS MEETS LEONARD

Chicago, May 9.—Rocky Kansas, Buffalo, N. Y., lightweight, was matched to meet Benny Leonard, lightweight champion, in a ten-round contest for the title at Michigan City, Indiana, on the afternoon of July 4. The match will be staged under the direction of Floyd Fitzsimmons, Benton Harbor, Michigan, promoter for the Michigan City fight of the American Legion.

Kansas has fought the title holder twice and Leonard failed to stop him on both occasions. They met in a no-decision contest in New Jersey a year ago and Leonard was recorded the newspaper decision. Their second en-

Vim, Vigor, Vitality FOLLOW WHEN YOUR BLOOD IS PURE

Here is Advice You Cannot Afford to Overlook.

St. Paul, Minn.—"I can highly recommend Dr. Pierce's Golden Medical Discovery as a splendid tonic and blood purifier. In my boyhood I was afflicted with breaking out on my face, but after I took the 'Golden Medical Discovery' to tone up my system the pimples disappeared and I have never had any since. I have also known of others who have taken Dr. Pierce's Golden Medical Discovery with great benefit as a blood purifier and tonic, and I therefore have no hesitation in recommending it as a reliable medicine for anyone to take who has impure blood or is in a run-down state of health."—W. G. Barnoske, 1545 Charles St.

Clasp Dr. Pierce's Golden Medical Discovery in liquid or tablet form from your neighborhood druggist, or send 10c to Dr. Pierce's Invalid Hotel, Buffalo, N. Y. for trial pkg.

CHANGES FELT IN CITIES, NOT IN PROVINCES

Soviet Russia's New Economic Policy For Past Year Brings Little Relief

Suizran, on the Volga, May 9.—(The Associated Press.)—Five hundred miles from Moscow and at the border of the famine belt, it becomes evident that the first year of Soviet Russia's new economic policy has made far less changes in the provinces than in Moscow, Petrograd and the other big cities.

Far removed from the seaports, connected with the manufacturing districts by a broken transport system overburdened with the shipments of food and seed grain to the worst stricken hunger regions, large provincial towns such as Suizran have, naturally, been affected very little by the present freedom of trade.

They are not starving, as the provinces farther down the Volga, but, at this time of the year, with the next harvest some months off, they are living day to day from hand to mouth. Markets are open but display scanty stocks and at prices as high or higher than in Moscow, while the peasants and town dwellers have not

GILMORE GOES TO NEW YORK

Curator of Museum to Attend Meetings

Dr. Melvin E. Gilmore, curator of the North Dakota Historical Society, will be the representative of the state at two meetings at New York during the next two weeks. Thursday, May 11th, he will be one of the speakers at the sessions of the National Museum Association at Buffalo, New York and on May 22 to 25, Dr. Gilmore will represent the state at the second meeting of the National Conference on State Parks, meeting at Bear Mountain Inn, Iona Isle, New York.

At the Buffalo meeting Dr. Gilmore will describe the making of records of the ancient tribal rites of the Indians of North Dakota dealing especially with the three days ceremony of last year in which Dr. Gilmore and Dr. Goodard of the American Museum of Natural History collaborated. Dr. Gilmore also will visit Dr. Goodard for further conferences upon this subject.

The National Parks meeting will be held in the grounds of one of the parks, Bear Mountain Inn being one of the sections of the Palisades Interstate park system. The conference will be presided over by John Barton Payne who has been active in an organization to bind together the state controlled parks into one vast system. The sessions of the convention will be held May 22nd to 25th.

CORNS Lift Off with Fingers

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

BUSINESS MEN OF UNDERWOOD TO ORGANIZE

Underwood, N. D., May 9.—About twenty-five business men of this city met for the purpose of organizing some kind of a club for the purpose of getting concerted action in the promotion of the best interests of Underwood and vicinity.

A temporary organization was formed, with Dr. W. T. Cain as chairman and many subjects of immediate interest to the town and community were discussed, among the most important being the question of the membership fee and an appropriate name for the club.

The next meeting will be held Friday evening, May 12, at which time a permanent organization will be perfected. In the meantime a committee will be working on a constitution and a set of by-laws, which will be presented for approval at that time.

QUEER FEELINGS AT MIDDLE AGE

Woman Should Know How Lydia E. Pinkham's Vegetable Compound Helps at This Trying Period

Sheboygan, Wisconsin.—"I was run down, tired and nervous. I could not even do my own housework, could not sleep at night and all kinds of queer thoughts would come to me. Finally I gave up going to the doctor and a friend told me of Lydia E. Pinkham's Vegetable Compound. After the first bottle I could sleep better and I have kept on improving ever since. I have taken seven bottles now and am so happy that I am all over these bad feelings."—Mrs. E. LANGER, 1639 N. 3rd St., Sheboygan, Wisconsin.

For the woman entering middle age Lydia E. Pinkham's Vegetable Compound can be of much benefit. During this time of life certain changes take place which sometimes develop into serious trouble.

Melancholia, nervousness, irritability, headache and dizziness are some of the symptoms. Lydia E. Pinkham's Vegetable Compound is a natural restorative, especially adapted to assist nature in carrying you safely past this time. Why not give it a fair trial?
